Re: California Low Cost Automobile Classification Code Revisions

AIPSO recently announced that the California Department of Insurance has approved their filing number LC 14-05 which sets forth changes to the California Low Cost Automobile Insurance Program to comply with the 2013 CA Senate Bill 1273.

Eligibility for the California Low Cost Automobile Insurance Program has been expanded to include newly licensed persons and inexperienced operators for policies effective January 1, 2015 and later.

As a result of these changes, we are revising the NISS Classification Codes for the California Low Cost Automobile Insurance Program as shown on the attached page. Please note that class codes 936100 and 936200 have both been discontinued, and class code 936300 is now Class 9LA (instead of 9LC-All Other).

These changes apply to new and renewal policies effective January 1, 2015 and subsequent. The coding on the attached page will be reflected in the 2nd Quarter 2015 revisions to the NISS Automobile Volume I Statistical Plan.

Very truly yours,
