RE: New York Private Passenger and Commercial Automobile – Revised Territories

The New York Department of Financial Services has approved revisions to the Suffolk County territory definitions based on zip code for both private passenger and commercial automobile risks. These territory revisions apply to both Voluntary and Assigned Risk business.

This revision segments the current New York automobile Suffolk County territories 75 and 76 into additional pieces to reflect demographic changes that have taken place over time. Territories 75 and 76 are being replaced with new territories 77 – 80. Please see the attached pages for the revisions.

These new territories (77 – 80) apply to policies effective October 1, 2018 and subsequent. For business written prior to 10/1/2018, companies should continue to report the old territory codes (75 and 76). The old territory codes should also be used for any endorsement or loss activity on policies effective prior to 10/1/2018, regardless of when it is reported.

As noted above, these changes apply to new and renewal policies effective October 1, 2018 and subsequent. The coding on the attached pages will be reflected in the 4<sup>th</sup> Quarter 2018 revisions to the NISS Automobile Volume II Statistical Plan.

Please let us know if you have any questions.

Very truly yours,

A handwritten signature in black ink that reads "Theresa A. Szwast".

Theresa A. Szwast

CODING SECTION

Premiums                       Liability                       Private Passenger  
 Losses                               No-Fault                       Other Than Private  
    Physical Damage                      Passengers  
 Voluntary Risks                      \_\_\_ Assigned Risks
