To: NISS Member Companies

Re: Businessowners Classification Code Additions –
Casual and Fine Dining Classification Codes

The classification codes that NISS uses for Businessowners are common across most industry statistical agents in accordance with the NAIC Statistical Handbook of Data.

New classification codes have been added for Casual and Fine Dining establishments and NISS is adopting these class codes as set forth on the attached page.

The existing Restaurant classification codes are moving to the page preceding these new Casual and Fine Dining class codes, but these Restaurant class codes are unchanged.

These changes are effective on all new and renewal policies effective on or after July 1, 2016. The attached pages set forth the changes as they will appear in the 3rd Quarter 2016 revisions to the Commercial Lines Statistical Plan.

Very truly yours,
