RE: Annual Statement Line of Business Coding Addition – 025 Private Flood

The National Association of Insurance Commissioners (NAIC) adopted a revision to Annual Statement reporting to include a new Annual Statement Line of Business code, 025, representing ‘Private Flood’.

Prior to this change, flood coverage that was not part of the Federal Emergency Management Agency’s (FEMA) National Flood Insurance Program (NFIP) was included in line 021, Allied Lines. The addition of line 025 for Private Flood allows state regulators to capture the entire spectrum of flood data to aid in determining the effect of catastrophic flood events in the US insurance market and the percentage of policies sold through private market versus those reinsured by the FEMA. This data will also be useful to regulators and policymakers when evaluating proposed changes to the NFIP.

Please see the attached sample of a revised Annual Statement Line of Business Page. The coding on the attached page will be reflected in the 1<sup>st</sup> Quarter 2018 revisions of all the NISS Statistical Plans.

Very truly yours,
