Re: Voluntary Automobile Miscellaneous Classification Update – Low Speed Vehicles

AIPSO recently announced that the list of states requiring the separate reporting of low speed vehicles has been expanded to include all states for the Quota Determination data.

NISS is therefore revising the existing low speed vehicles class code 9470 to apply to all states, instead of only Delaware, Florida, Missouri, and South Carolina.

This change applies to new and renewal policies effective January 1, 2019 and subsequent. The coding on the attached page will be reflected in the 1st Quarter 2019 revisions to the NISS Automobile Volume I Statistical Plan.

Very truly yours,
